

## Vendor & Exhibitor

### DIRECTIONS TO LSCC SHOWHALL – HARPER COLLEGE, BUILDING M

Spectators please see our website for your directions and parking info.

I-90 is the highway to key on as you determine your travel directions.

This is a tollway – if you don't have an I-PASS or EZ PASS you will need to have exact change to exit I-90 Please check the IL toll way dept website for recently changed tolls rates

[www.illinoistollway.com](http://www.illinoistollway.com)

#### From the west:

- I-90 east toward Chicago
- Exit Route 59
- Left turn/north on 59
- Proceed to Rt 62/Algonquin Rd; turn right/southeast
- At Roselle Rd turn left/north
- Enter campus at the Roselle Rd entrance shortly after turning onto Roselle Rd.
- Proceed a short way to the first main driveway which will run between Building V and another building – turn right here and follow the drive back to the double loading doors at the rear of Building M. You won't be able to go farther than this.\*

#### From the east:

- I-90 west toward Rockford
- Exit Roselle Rd
- Turn right/north on Roselle Rd.
- Enter campus at the Roselle Rd entrance just past Algonquin Rd.
- Proceed a short way to the first main driveway which will run between Building V and another building – turn right here and follow the drive back to the double loading doors at the rear of Building M. You won't be able to go farther than this.\*

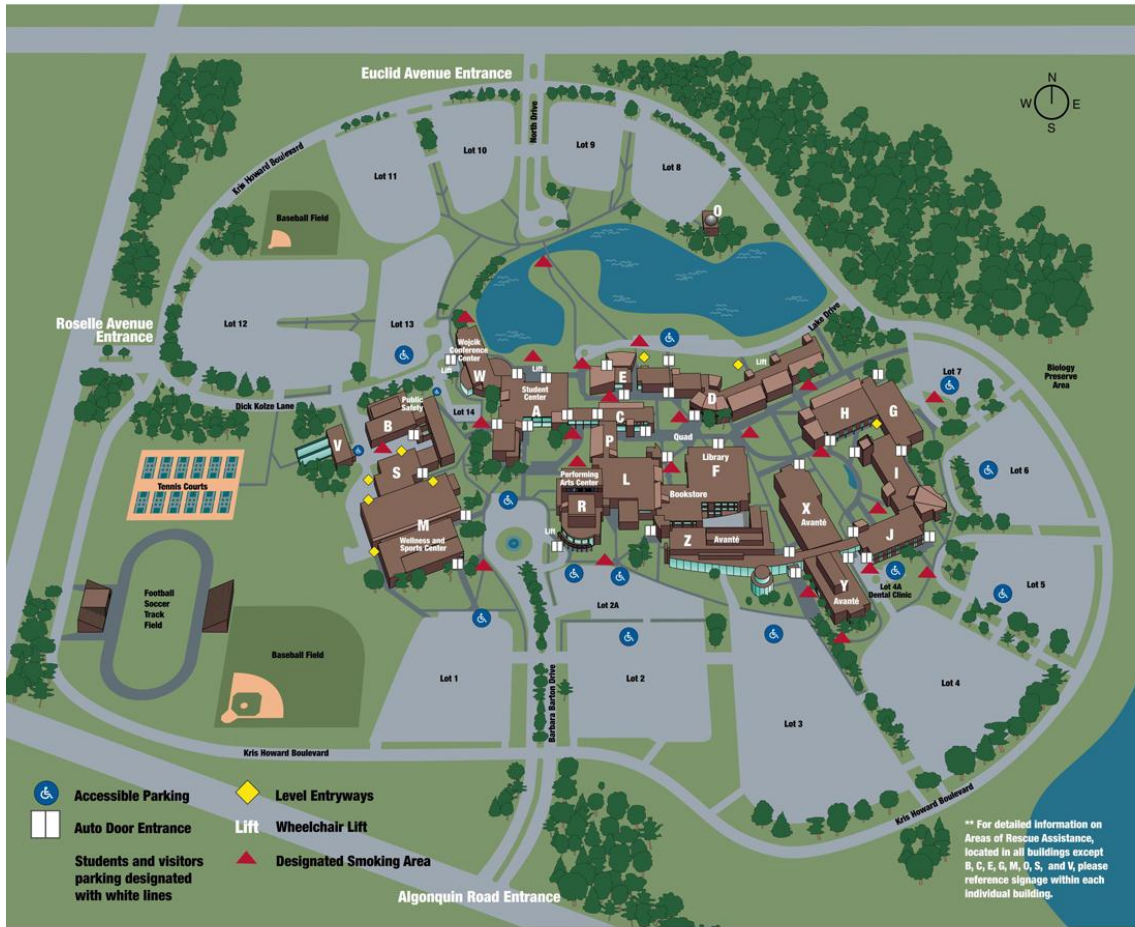

**\*PLEASE NOTE:** THERE IS LIMITED SPACE IN THE UNLOADING AREA.

**Vendors**, before tuning into the drive, please be sure you have ample space to get in and unload. Please unload quickly and move your vehicle out for the next person. There may not be anyone directing the traffic in and out on Friday.

**Exhibitors** - ON SATURDAY there will be individuals to direct the traffic in and out of this area to help keep everything running smoothly.

The club will have an area inside the building by the doors where someone will watch your cats and show material once you unload. This will allow you to quickly get back to your car and move it to the parking lot. This will keep traffic flowing smoothly for everyone.

We appreciate your help in making this a stress free experience.
